Ideal date ? What turns you on? Do you kiss on the first date?

I am a super mellow chick when it comes to this kind of stuff...Dudes who plan elaborate/expensive dates are lame. Enjoying a meal together, chatting over coffee or tea, attending or watching a sporting event or hanging out at the beach is my idea of an "ideal date." Athletic men turn me on. Sports were my entire life growing up and in college where I played softball at the University of California at Berkeley. If I am more athletic than the dude I'm with it's probably not going to work out haha. Do I kiss on the first date? Uhhhh yeah why the hell not if I'm into it??? It's the 21st century people live a little... :))
